# Part A: Pupil premium strategy plan

## Statement of intent

At Kingfisher Hall we believe that teaching and learning opportunities should meet the needs of all of pupils. We believe that no child should be left behind or be disadvantaged by their postcode. At Kingfisher Hall we know that our level of disadvantaged families across the school is much greater than shown in our pupil premium numbers.

We are determined that our children are given every chance to realise their full potential. We aim that they leave Y6 being able to confidently communicate and articulate their thinking; read and understand a variety of texts and be creative thinkers and problem solvers. We want our children to know that they are a force for positive change and that they make a difference in the world.

We focus heavily on communication, vocabulary and reading across the school as we know that these skills are vital to future success in life.

Through an enquiry based curriculum, quality first teaching, targeted interventions and a focus on equality of opportunity, we are working on eliminating barriers to learning and ensuring our children have education, opportunity and become valued members of their community.

Our key objective is to use the Pupil Premium Grant to diminish the difference between pupil groups and raise the aspirations of pupils in our community.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low levels of communication, language and literacy on entry to school.
2	Lack of access to additional learning opportunities and support.
3	High number of EAL families and children.
4	Lack of opportunity to a wide range of life experiences.
5	High socio-economic deprivation – outside of pupil premium.
6	Half of schools PA number are PP children

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved communication, language and literacy skills at the end of the EYFS. Improved Language acquisition across the school.	10% increase in Communication Language and Literacy.
Improved access to learning and participation in school opportunities for PP children.	15% increase in parental participation. Device and internet access to all that need it. 10% increase in PP children attending school activities.
Improved greater depth outcomes PP children.	10% more children achieve GDS across the school. In year data shows that PP gaps are closing. 80% of targeted PP children make accelerated progress.
Improved attendance of PP children who are persistently absent	10% decrease of PP children who are PA

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching

Budgeted cost: £122,200

Activity	Evidence that supports this approach	Challenge number(s) addressed
Developing a language rich environment and culture	EEF- on average oral language approaches have high impact on pupil outcomes of 6 months' additional progress	1 3
High Quality Teaching	EEF- Evidence indicates that great teaching is the most important lever schools have to improve pupil attainment. Ensuring every teacher is supported in delivering high-quality teaching is essential to achieving the best outcomes for all pupils, particularly the most disadvantaged among them.	1 2 3 4
Quality first teaching of writing-composition and effect	EEF- Purpose and audience are central to effective writing. Pupils need to have a reason to write and someone to write for. Impact is extensive.	1 3 5
Introduction of metacognition and self-regulated learning	EEF- The potential impact of metacognition and self-regulation approaches is high (7+ months)	1 3 4
High quality CPD and in-school support.	Education Policy Institute: High-quality CPD for teachers has a significant effect on pupils' learning outcomes. Induction training and mentoring programmes are particularly effective for improving retention rates early on.	1 3

## Further Information (optional)

Our children live in an area of high deprivation and this is not reflected through the use of the PP measure as many of our families are not entitled to PP and are simply living in poverty. Everything we do in our school is designed to close the gap for all disadvantaged pupils and their families, giving our children the best possible start in life. Through our curriculum and teaching pedagogy we aim to develop academic knowledge and skills along with key life skills that prepare children well for their future and give them a pathway out of poverty. Our aim is that all children leave us with a sense of identity, community and aspiration.

A Kingfisher child is a force for positive change. This philosophy and approach in our school develops an understanding of the world around them and their place in it. If we want a better world, we are the solution.

Our curriculum has been designed with our children and community at its core. It reflects the community that we serve and is planned and organised in a way that meets the unique circumstances of our location and area.

As such we are committed to every pupil in the school setting, ensuring they are happy, confident and succeed.
